

**OSHA 1926.1400 - QUALIFIED SIGNALPERSON****RULE ENFORCED NOVEMBER 8, 2010**

With the inception of the new Qualified Rigger/Signal person rule (29 CFR 1926.1400), we have experienced a great influx of new clients looking to train their current employees in the current regulations covered by the new rule. In response we are setting up a new course and scheduling classes that will be available for the next few months.

See bottom of page for details.#

**NCCER CRANE OPERATOR TRAINING & TESTING**

We offer crane operator training to prepare candidates to sit for the NCCER or NCCCO crane operator certification program. The prospective candidates are trained in topics that include general crane operation, crane safety, rigging, load charts, crane signals, power line safety, crane assembly/disassembly, and OSHA and ANSI standards.
